To our Happy Customers,

Five years ago, we launched The Happy Turkey Company with a simple goal. To ensure that the bird at the heart of your Christmas lunch was not only great value but ethically sourced, free range and corn-fed.

Thanks to your continued support, The Happy Turkey Company is now the UK's biggest independent supplier of corn-fed, free range turkeys. From just one family run farm in 2015, we now work across three sites to rear the perfect centrepiece for your Christmas lunch.

And this year, our high standards of turkey welfare have only got higher. In January we teamed up with Mills and Boom to provide the very best diet of rolled wheat, oats and barley for all our lovely birds! That great taste just got even tastier.

So as Christmas approaches, The Happy Turkey Company would like to give our valued customers an early gift. Order your Bronze turkey (£49.99) or White turkey (£44.99) before **31 October** and we'll knock 10% off the normal price.

And because we love you as much as we love our turkeys, if you order before **15 October** we'll throw in our award-winning turkey, cider and bacon gravy for free. Usually £4.99, it's the ideal accompaniment to impress family and friends this Christmas.

Call us on 0121 8723 990 or visit www.thehappyturkeycompany.co.uk to order today. And don't forget to follow us on Twitter [@TheHappyTurkeyCompanyUK](https://twitter.com/TheHappyTurkeyCompanyUK) so you can find out more about our [#HappyTurkeys](https://twitter.com/hashtag/HappyTurkeys) and our [#HappyFarmers](https://twitter.com/hashtag/HappyFarmers).

With all our Christmas wishes,

Daisy and Jonathan
